

# *The Underground Economy and practices to protect you and your family*

*Wednesday, June 3 • 7-8pm*

## *At Salt Creek Elementary School*

1055 Hunte Parkway • Chula Vista, CA 91914

Child Care Provided

This session offers a unique look at the financial and cyber threats facing us all in the Underground Economy (UE). The UE currently operates as a real time market place for the buying/selling/trading of criminal goods and services specifically stolen money, your money! This presentation will look at specific intelligence which illustrates the global threat the UE poses to the average consumer. Specific topics will include:

- *Phishing*
- *Credit card theft*
- *Identity theft*
- *Crimeware*
- *Online banking theft*
- *Check fraud*

## *Speaker, Special Agent Levi Gundert*

---

Former Special Agent Levi Gundert recently left the United States Secret Service where he led multiple proactive cyber crime initiatives within the Los Angeles Electronic Crimes Task Force which resulted in world-wide arrests in financial and cyber crimes. Levi's current work involves furthering cyber crime investigations and assisting financial services companies in developing long term strategies for protecting themselves and their customers against today's fraudster.
